ENDOWMENT FUND CREATED UNDER
THE AUSPICES OF THE ORTHOPAEDIC
RESEARCH AND EDUCATION FOUNDATION
[OREF]

ENYI MD Foundation

Dr Enyi Okereke was an Associate Professor of Orthopedic Surgery & Chief of the Foot and Ankle Service at the University of Pennsylvania Medical Center. A dedicated member of the Association of Nigerian Physicians in the Americas (ANPA), he participated in medical missions to Nigeria where he provided free surgery for indigent peoples, as well as mentorship to the medical community. At the time of his heart attack and unexpected death in November 2008 Enyi was in a remote area of Nigeria with an ANPA orthopedic team, training Nigerian surgeons in specialized arthroscopic surgery techniques. Lack of basic cardiac equipment and medication was a key factor in his premature death in Nigeria where he became a victim of the inadequate healthcare system he was very committed to improving.

Funds raised will be used to support the foundation's programs which include: Partnership with ANPA to provide training programs for first responders in Nigeria; Provision of emergency medical equipment. Please join us in this worthy cause and help prevent another life from being cut short.

ENYI MD foundation is a tax-exempt non-profit organization committed to improving emergency medical services in Nigeria.
